

Scope of Work Document

DUE_ Wednesday Oct 15, 2025

Scope of Work (SOW) - Is an agreement between an employee/contractor and employer outlining services work to be completed by the employee. SOW's are used commonly in technology jobs and contract work.

Please submit your Scope of Work Document detailing the project you plan to complete. You will also include your SOW with your Final Project PowerPoint/Slideshow)

Student Project – Scope of Work (SOW)

Project Title: Class Registration

Student Name: Eddy Gong

Date: 9/25/25

1. Project Overview

- This project's goal is to register and enroll students in classes, while also allowing them to view their schedules and course information.
 - This project will utilize sorting, searching, and storing algorithms while also including a separate function for fees.
-

2. Goals

- I will create an efficient and accurate system that properly organizes student, class, and payment information.
- I will allow students to access the course database to choose which classes they want to enroll in, drop out of, and view their schedules.
- I will develop a system that calculates, displays, and informs the student of current and future payments.

:::: Scope of Work Document

3. Deliverables

- Program files (main.cpp + others)
 - Output.pdf with screenshots and explanation
 - GitHub submission with correct file structure
-

4. Timeline

- Week 1–2: Define idea & set up GitHub
 - Week 3–4: Build program features
 - Week 5: Test & debug
 - Week 6: Write Output.pdf
 - Week 7: Submit final project
-

5. Success Criteria

The project runs correctly, includes required features, and all files are submitted on time.
